Waiting My Turn to Play

Once I have checked in and handed in my music, I will find a seat and wait my turn to play

Listening to Others

While I wait my turn to play, I will be a supportive audience member by clapping after their performance & waiting quietly for my turn

When It's My Turn to Play

When it's my turn to play, a volunteer will call my name. I will walk up the ramp to the piano.

I can take my time to adjust the bench just the way I need it.

When It's My Turn to Play

Before I play, I will take a deep breath. When I feel ready, I can start playing my pieces.

If I make a mistake, that is ok. I can keep going and do my best.

After I perform

When I finish, I will take a big bow, walk down the stairs, and go back to my seat.

The friendly judges will write some comments about my performing so I can become a better pianist

Getting my certificate

When everyone is done performing, a volunteer will call all the performers to the front. Everyone will applaud the musicians and the volunteers will hand me my music and certificate.

I can feel proud of my performance!

Thank You for sharing your
music at festival! We hope
you come back!
